This gift provides funds to purchase health supplies, complete clinic renovations, train medical staff and establish safe spaces where adolescent girls can access sexual and reproductive health information.

IMPACT CORNER

Better Care in Bolivia

Offering medical care to everyone at all stages of their lives builds strong communities. But accessing quality care, especially for women and girls living in remote and impoverished areas, isn't a given. Your Gifts of Hope are changing that. In Bolivia, the funds have been used to train more than 500 health workers and create 50 inclusive clinic spaces where adolescent girls can receive information about their sexual and reproductive rights. Today and in the years ahead, Dew and her daughter will have better access to health care.
